Pamela Westland : Making Wreaths before purchasing it in order to gage whether or not it would be worth my time, and all praised Making Wreaths:

0 of 1 people found the following review helpful. Wasn't what I was looking for.By wendyWasn't really what I was looking for. I wanted a book the would give some ideas for wreaths to use on the cemetery but there was only a few ideas that would work.22 of 23 people found the following review helpful. Excellent for startersBy A CustomerThis book is vivid with with full illustrations on each page. It has a getting started section that teaches you about using natural plant materials, color and style, and making the bases for the wreaths. The subsequent chapters give step by step instructions on how to make wreaths for various occasions, such as weddings and baptisms, seasonal wreaths for spring, summer, fall, and winter, and holiday wreaths for Easter, Thanksgiving, Halloween, and Christmas. I have found this book to be delightful to use and a great resource for those who are making wreaths for the first time.

Wreaths and garlands for dozens of different reasons and seasons--spring, summer, Thanksgiving, and Christmas--to adorn hearth and home are easy to make with this full-color guide.
