Roberta Pearson, William Uricchio, Will Brooker : Many More Lives of the Batman before purchasing it in order to gage whether or not it would be worth my time, and all praised Many More Lives of the Batman:

The Many Lives of the Batman (1991) was a pioneer within cultural and comic book scholarship. This fresh new sequel retains the best of the original chapters but also includes images, new chapters and new contributions from the

Batman writers and editors. Spanning 75 years and multiple incarnations, this is the definitive history of Batman.
