Todd Frye : Marvelous Mythology before purchasing it in order to gage whether or not it would be worth my time, and all praised Marvelous Mythology:

The world of the Marvel Comics superheroes began in 1961 thanks to talented creators such as Stan Lee, Jack Kirby, Steve Ditko, and others. Over time, their work became more than just a collection of comic book stories for kids; the

characters, and the fictional universe they inhabited, evolved into a sophisticated series of inter-connected tales that would entertain millions of readers and movie-goers for decades. This is the story of how that unique universe was created: a realm of monsters, gods, aliens, robots, sorcerers, hyper-strong men and beguiling women - a world of fantasy filled with incredible wonders and unimaginable terrors. Step out of the ordinary world and into this Marvelous Mythology.
