Barbara Mauzy : Mauzy's Comprehensive Handbook of Depression Glass Prices (Schiffer Book for Collectors)

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mauzy's Comprehensive Handbook of Depression Glass Prices (Schiffer Book for Collectors):

0 of 0 people found the following review helpful. This is more like a checklist than a browsing book.
By HeartsInTheSky Helpful guide. Mostly black and white. Few photos but enough to discern patterns. This is more like a checklist than a browsing book.
0 of 0 people found the following review helpful. Okay.
By wacathook I don't like to review a book until I have actually had it for a period of time. I have had this book for several months and have referred to it a few times. Which makes it a good resource book. My one negative is that I feel the prices are inflated. It was published in 2009. The market is not that much different now in 2013/2014 and yet the prices are a bit outrageous. If you are looking for good descriptions, this is a good book. If you are purchasing this book, to look for rough estimates - look elsewhere.
0 of 0 people found the following review helpful. My wife and I have a large collection of depression glass and this book did a nice job helping us learn more about what we have.
By Landlord This book has a lot of the different depression glass patterns. My wife and I have a large collection of depression glass and this book did a nice job helping us learn more about what we have as well as a fair price to pay on glass we want to pick up. We have a few different books as they all seem to have a couple patterns left out and this book did a great job and picking up some of the patterns we were still looking for information on.

Designed for hands-free shopping, this revised and expanded 8th edition is complete with 2006 pricing and reproduction information for more than 160 patterns of Depression glass, Fire-King, and 1940s and 1950s patterns, including new discoveries. No other book on glassware of the 1920s-1950s provides more comprehensive and beneficial information in such a compact, user-friendly format. You find complete listings of thousands of pieces in all colors, measurements, and even a ruler on the back cover! Don't leave home without this handy reference in your pocket.

About the Author Barbara and Jim Mauzy are dealers, collectors and enthusiasts of kitchen collectibles from the 1920s-1950s. For over ten years they have been selling these items (and more) every Sunday at Renninger's Antiques Market in Adamstown, PA.
