**The Memoir Roundtable : Memoir Your Way: Tell Your Story through Writing, Recipes, Quilts, Graphic Novels, and More** before purchasing it in order to gage whether or not it would be worth my time, and all praised Memoir Your Way: Tell Your Story through Writing, Recipes, Quilts, Graphic Novels, and More:

4 of 4 people found the following review helpful. This book is perfect for any kind of creative personBy Sharon L SloanI received this book from a friend and rushed out to buy it for my two sisters who have talked about writing a book. My younger sister had said she wanted it to be a cook book and the other a memoir. This book is perfect for any kind of creative person, crafter, artist, and just a person who thinks outside the box and the rest who think inside the box as well.1 of 1 people found the following review helpful. Using your own originality and creativity, tell your life story!By ree shotWhat a fun, useful book! As an artist and crafter, I love all the ideas in MEMOIR YOUR WAY. Every chapter is different reflecting the book's different authors. I will definitely take advantage of the writing tips and

tricks. I am into graphic novels, and this book showed me how I could turn that love into my own personal biography. What better way for me to tell my story as an artist? I know my husband is going create a family legacy cookbook, too -- another great chapter in the book. I bought my mother, who is into genealogy, an extra copy... and she LOVES it! I highly recommend this book. 0 of 0 people found the following review helpful. Memoir Your Way makes storytelling approachable. By MPRLR2017 I've been interested in telling my stories for a while, but have always been intimidated by the idea of writing a whole memoir. I bought this book because I was interested in its premise of sharing through different mediums, something that I hadn't seen from any other memoir how-to's. "Memoir Your Way" really makes personal storytelling more approachable and takes away that "intimidation factor" that I think keeps so many of us from getting started. I've already started creating a short comic, which I plan on giving as a gift to some close friends using the graphic novel chapter. I also want to talk to my cousin about doing a family cookbook with all of our family stories in it. Instead of writing a book, "Memoir Your Way" introduces you to storytelling through methods that you already enjoy and may be your hobbies.

A new approach to family and personal memoirs that includes many creative formats. Memoir Your Way inspires family storykeepers to create a memoir using a craft you already know or are inspired to learn to create a personal, polished memoir your family will treasure. Accessible and with broad appeal, this first-of-its-kind book extends the written memoir form to cookbooks, scrapbooks, quilts, and other forms of storytelling. Readers of Memoir Your Way will find out how to: Create your own family cookbook like a pro. Design, stitch, and create stunning quilts that preserve family memories for the next generation and create a cherished gift. Bring out the natural storyteller in children while building self-confidence and a sense of family. Write engaging family stories with proven writing tips. Enrich scrapbooks with stories that might otherwise be overlooked and techniques that showcase even the memories that weren't preserved in photographs. Turn your story into a graphic novel with hand-drawn illustrations. Become the bridge for your heritage between the old world and the new. Memoir Your Way makes memoir accessible to everyone, including those who don't see themselves as writers. Memoir Your Way is a valuable sourcebook for quickly and easily creating memoirs that celebrate family stories and ancestry.

About the Author The Memoir Roundtable is a group of six writers, crafters, and workshop leaders: nationally known quilter and American Folk Art Museum awardwinner Linda Pool; public TV producer, cookbook editor, and cultural anthropologist Dianne Hennessy King; award-winning writer and memoir workshop leader Joanne Lozar Glenn; children's literacy expert and speaker Nadine James; memoir teacher, educational game inventor, and scrapper Katherine Nutt; and award-winning content producer, author, and graphic novel creator Natasha Peterson. The authors reside in Virginia.
