I love this book and CD set .By Sandra w.I have most of the Memories of a Lifetime series and they are wonderful for scrapbooking and paper crafting. Most of the vintage images are just beautiful and there is so many extra bits on the CD's that you will really be amazed how many individual images are available. If you like vintage, you will really like these borders and frames

which range from art deco to oriental. Most of the frames are for general use, but some are themed (Christmas, Valentine, Mother, stork).--sandy in Tennessee mountains

Every page in a scrapbook or picture on a card looks more beautiful when it's set off by a frame and embellished with a fabulous border-and these are among the most exquisite ever collected. The frames come in every shape, size, and style: circular and rectangular, with a few simple curlicues and with elaborate knotwork, with hearts and flowers and with cherubs and children. The borders, too, offer plenty of options to fit any project, from classic columns to panels filled with birds and flowering vines. There's a gallery of ideas, too!
