This book will help0 of 1 people found the following review helpful. Great source bookBy ScottishI bought this book because I wanted to learn more about the mid century modern furniture, and it delivered. I have learned so much about my style and will focus my eye for the styles that I am drawn to.33 of 36 people found the following review helpful. Designers of the 50'sBy A CustomerMy sister has just bought a 1950's ranch home with some original features. I was hoping this book would help celebrate the house and give some ideas as to decor. Instead, it is a good overview of the furniture designers who influenced the furniture of the time. It's nice, but not what I was looking for, which was the physical living space/furnishings of the middle class of the 50's.

A look at 1950s innovative furniture design. This book includes the 10 best chairs of the 50s, glimpses at modern collections, photographs from the Herman Miller archives, and the personal collections of designers such as Charles Eames. A list of sources and manufacturers is provided.

From the Inside FlapThis highly praised celebration of '50s design recalls the wonders of boomerang-shaped coffee

tables, the funky curvaceousness of biomorphic furniture, the industrial sleekness of cool metals, and other design delights. "Will undoubtedly foster a new appreciation of furniture from the '50s."--Chicago Sun-Times. 125 4-color photographs and 100 black-and-white photographs.
