Paula Doyle's work at The Quilt Show.com. I have always been fascinated with miniatures myself, and have tried various methods over the years. Now fusible techniques join an old favorite - freezer paper - to create these little blocks! I am sitting right now with Jinny Beyer's exhaustive encyclopedia of quilt block shapes organized by Jinny into a precise and very usable system to find blocks that work in specific situations (The Quilter's Album of Patchwork Patterns - a MUST have!), and huge numbers of these blocks are suited for use with Paula's technique. If I get lost down the rabbit hole, will someone please buy Alice et. al., and toss it down to me? 0 of 0 people found the following review helpful. Great Purchase! By J.
