I am really enjoying these books and older pamphlet type books that have so many good ideas and have been preserved so wellBy ChickadeeNew to the mini world and I am starting my collection of books. I am really enjoying these books and older pamphlet type books that have so many good ideas and have been preserved so well. Past owners, Thank You for Photocopying and taking care of your manuals to pass them on. This item arrived packed well and shrinked wrapped. Very pleased.38 of 38 people found the following review

helpful. Good book but know what you are buying!By MurphysGall bought this thinking it would be pictures of blankets, rugs and various other things that you can iron on to cloth and then put directly into your house. Wrong!This is for needle workers. Cross stitch and/or embroidery. But after looking through the book, I will try my hand at this because the designs are just that neat. I think when I actually get one made it will be well worth the tiny price of the book.1 of 1 people found the following review helpful. really a great buy and have already used itBy L. E. JeanNot what I expected, really a great buy and have already used it! Patterns are easy to use and colorful.
