Miniatures in MinutesBy aal447A really great book for making miniaturd quilts perfectly and in a short time - usually a day. Some directions have to be read several times before they are clear (watching the author on The Quilt Show helped) Have made three minatures so far and each one is perfect and I have

been known to make sewing mistakes! Would definitely recommend.

Make 24 beautiful miniature quilts, each in a day or less, with techniques that dramatically speed up your paper piecing.

About the Author Terrie Sandelin has been making beautiful quilts for more than 30 years.
