Adam Juniper : My Story: Easy Digital Tools to Archive Your Life with Photos, Music, Videos, and Keepsakes before purchasing it in order to gauge whether or not it would be worth my time, and all praised My Story: Easy Digital Tools to Archive Your Life with Photos, Music, Videos, and Keepsakes:

3 of 3 people found the following review helpful. my story By S. Whitten my story is an easy way to leave your family a legacy. My Story: Easy Digital Tools to Archive Your Life with Photos, Music, Videos, and Keepsakes i have written the story of my life, and now i'm working on my children's childhood. i have added many family photos. now i'm trying to learn to add music. i would recommend it to all the senior generation. but who knows. kids may like to write their own stories. susan1 of 1 people found the following review helpful. Pretty Cool By Sandy This is a pretty cool tool to help document your life, and events that you want to hand down. And this will last longer than paper and is much easier to share. Good product 0 of 0 people found the following review helpful. Excellent for the family By Peter Muzyka I ordered the book/cd combo after seeing it in our local library. I hope to get my wife and children/grandchildren to make their own dvd of the family. Great product, easy to understand and use.
