2 of 2 people found the following review helpful. Great Book! Fantastic Authors and Illustrator!By BethanyI had the pleasure of meeting Tim and Barb Read and their children when I purchased this book. They are all so amazing! It was neat to witness how Mr. and Mrs. Read were passing on their love of books and art to their children! "My Very Silly Monster 123s" features numbers one through twenty in super silly monster shapes that my kids absolutely love! I

especially like the use of alliteration and the opportunity to practice counting on each page. For example, one page says "Newton's Nine Noses," and my kids counted all nine of Newton's red, swollen noses. He's in bed surrounded by tissues with a thermometer in his mouth, so poor Newton must have a cold. I bet suffering from a cold is even worse with nine noses! Thanks for the great book Mr. and Mrs. Read! I give "My Very Silly Monster 123s" 3 monster thumbs up!

My Very Silly Monster 123s is no ordinary counting book. My Very Silly Monster 123s is the follow-up children's book by Tim Read, Author-Illustrator of My Very Silly Monster ABCs. Unlike most counting books My Very Silly Monster 123s teaches children how to count to 20 with colorful, whimsical, and 20 brand new Very Silly Monsters. Each Very Silly Monster has a name and is ready to share something special with children to help learn how to count numbers 1 to 20. So, sit back and count along with 20 of the silliest and smartest monsters in town!
