You do need to buy the tools to do them. Like, nail brushes, nail striping tape, dotting tools, nail foil, nail polish, fimo art, glitter, paint and stickers. You can buy all of this stuff on ebay. It is a lot cheaper. You do have to wait a little while for your stuff, but it is worth it. You can also buy 500 nail tips for 4 dollars to do the art. You do have to practice some of the designs to get them right. It is always best to draw out on paper first. Then paint on paper. Then on nail tip. It is also easier to paint a set of nail tips before gluing them on. If you are looking for a good nail art book in English this is the best one. If you are wanting to learn how to do nails this book does not show you how to do that. It is just nail art. I really like this book. I give this book a 5 star rating. 1 of 1 people found the following review helpful. Lots of great nail art ideas! By Lisa A. Hawkins My husband bought me this book as a gift. I love it. Yes, you can go online and look at all the nail art images, or watch youtube videos, but I enjoy cuddling up on the couch and flipping through the book to pick my next nail design. There are tons of fun designs in the book with step by step directions. It really makes a nice gift for anyone into nail art. 3 of 3 people found the following review helpful.
