Susan Higginson : Needlepoint Stitches: 52 Stitches Explained and Illustrated before purchasing it in order to gage whether or not it would be worth my time, and all praised Needlepoint Stitches: 52 Stitches Explained and Illustrated:

0 of 0 people found the following review helpful. Good addition to a stitcher's library.By HollycatI am a longtime, experienced stitcher, but this book has taught me some stitches I did not know.0 of 0 people found the following review helpful. Five StarsBy SuzelLiked the ideas and diagrams in this book. Would definitely use this seller again.0 of 0 people found the following review helpful. NeedlepointBy V. BoyntonI like this book because it has illustrations to go along with the written explanation. I am learning about needlepoint and want to know more about the different stitches. This book expands on what I have learned so far.

Filling a canvas with elegant needlepoint is made easier with this go-to reference for crafters seeking basic knowledge of frames, techniques, needle threading and embellishments. Fifty-two stitches, photographs, diagrams, and a section depicting the ways to use the stitches to design new pieces are included in this volume directed at all skill levels. With illustrations of straight, cross, pile, leaf, and many other stitches, beginners and experts alike will find valuable instructions for basic and decorative work.

"If you think that canvas embroidery begins and ends with tent stitch and cross-stitch, then you need this book."
