Lizzie Reakes : New Crafts: Rag Crafts: 25 Contemporary Projects Shown Step By Step before purchasing it in order to gauge whether or not it would be worth my time, and all praised New Crafts: Rag Crafts: 25 Contemporary Projects Shown Step By Step:

New Cover, Old BookBy Marilyn E PhillippiInteresting book, but I was disappointed to find it's an exact reprint of Lizzie Reakes' "Ragwork", published in 1998. I bought a used copy of "Ragwork" last year for one cent + shipping. No mention of the reprint is made in the description of the latest version, which I find annoying and disappointing. I'm returning the new version, and I hope amends its description.

The ultimate thrift craft, ragwork is enjoying a revival and this practical book shows you how to make all kinds of great pieces from recycled fabrics.
