The New Jewish Baby AlbumBy PriscillaThis baby album is an excellent way to keep a permanent record of your baby's life, from birth through high school and even longer, as long as one remembers to keeps records of what happens as your child grows up.9 of 9 people found the following review helpful. A Must Buy for the New Jewish FamilyBy CustomerThis book is full of ideas and opportunities to make Judaism part of the day to day lives of you and your new baby. It has beautiful art, and powerful opportunities for

spiritual reflection and growth. We are finding that this book cites ceremonies for families of all observance levels, and invites the user to tailor them to their own needs. While there are no formal places for photos, there is ample room for memorabilia. We thought we might need a second book for secular events, but this book is the one we have kept using, marking the daily miracles and simchas of our baby. This book is a must buy for yourself or for a bris or naming.

A unique way to create and preserve the spiritual memories of pregnancy, birth, and the first years of a new life. There are enough baby memory books available today to fill a nursery, but finding one that acknowledges birth as a spiritual celebration is like trying to find a binky in the bottom of the diaper bag. More than just a memory book, *The New Jewish Baby Album* shows you how and why it's important to create a Jewish home and a Jewish life. It includes a section to describe the naming ceremony, space to write encouragements, and pages for writing original blessings and creating original prayers, as well as meaningful quotes throughout. Other highlights include a section for the parents to express personal prayers for the baby; pages for each of the major Jewish holidays; a family tree; room for photos; space to commemorate baby's first Shabbat at home; and much more. This is the perfect baby book for any Jewish family, a spiritual keepsake that will be treasured for generations.

About the Author Rabbi Sandy Eisenberg Sasso, a parent, spiritual leader and storyteller, is the award-winning author of *God's Paintbrush*, *In God's Name*, *God In Between* and many other inspiring books for children of all faiths and backgrounds.
