Generally I love Fiona Goble's books of instructions for knitted toys, but this one was a disappointment. I was expecting instructions for an ark full of animals, and instead got instructions for (1) Noah, (2) Mrs. Noah, (3) elephants, (4) lions, (5) monkeys, (6) tigers, (7) crocodiles, (8) giraffes, (9) zebras, (10) polar bears, (11) penguins, (12) rabbits, (13) tortoises, (14) goats, (15) pigs, (16) a raven, and (17) a dove. Lots of animals, to be sure, but mostly exotic ones, and no dogs or cats! There is a pocket in the back cover that contains a cardboard ark. In the book are instructions for cutting it out and assembling it. This is a cute touch. The book's full color photos and drawings are attractive, the patterns give you cute but realistic-looking animals, and the pattern instructions are clear. However, because of the limited number of animal patterns in NOAH'S KNITS, I rate this otherwise very good book at 3 stars ("it's okay" on the scale). Two of Goble's other books that I really like are 'Twas the Knits Before Christmas (highly recommended), and Knit Your Own Royal Wedding (dated now, after the Prince's wedding, but still fun). 0 of 0 people found the following review helpful. Love her attention to detail By Movie Fan Have other books by this designer. Love her attention to detail. 0 of 0 people found the following review helpful. Knitted animals By KATHLEEN

CASTONGUAYI have read through the book and greatly look forward to knitting up these animals then making an ark to go with them.

A warm, humorous, and crafty way to teach children the story of Noah's ark instructions for knitting Noah, his wife, and 15 pairs of animals, all of which can fit inside the book's fold-out ark. From the author of the sensational *Knit Your Own Royal Wedding* and *Knitvity*, *Noah's Knits* lets you bring to life the story of Noah's ark. Included are instructions for creating cute and cuddly knitted dolls of Noah, his wife, and 15 pairs of adorable animals, all of which fit inside the book's cardboard fold-out ark. The patterns vary in complexity, so crafters can work at their own paces, advancing from simple to more challenging projects as they watch this beloved Bible story unfold through the gorgeously illustrated and photographed pages of the book. The dolls are also perfect accessories for a Noah's Ark nursery theme!

About the Author Fiona Goble is an accomplished knitter and the author of many craft books and articles. She also owns a small business making woolen bags and home accessories. She lives in England.
