Michael G. LaFosse, Richard L. Alexander : Origami Butterflies Mini Kit: Fold Up a Flutter of Gorgeous Paper Wings!: Kit with Origami Book, 6 Fun Projects, 32 Origami Papers and Instructional DVD before purchasing it in order to gauge whether or not it would be worth my time, and all praised Origami Butterflies Mini Kit: Fold Up a Flutter of Gorgeous Paper Wings!: Kit with Origami Book, 6 Fun Projects, 32 Origami Papers and Instructional DVD:

2 of 2 people found the following review helpful. ... with origami and the butterfly mini kit is just great. By John C Stuart Jr My granddaughter loves to work with origami and the butterfly mini kit is just great. 1 of 3 people found the following review helpful. Limited variety in folding By becky l brown I guess that I expected more from this mini-book than possible. The directions are fairly straightforward, but I was bored after the first three butterfly models. I set it aside for now and will probably return to it again in the future. Overall, it is a good design book for butterfly folds. 2 of 2 people found the following review helpful. Even a beginner can create gorgeous butterflies! By A reader I have never done origami, but on a whim picked up this kit. I popped in the DVD and quite surprisingly made a beautiful butterfly on the first try! I was able to stop the DVD and replay where needed to ensure that I followed the steps correctly. It

was quick and lovely and satisfying, and I can't wait to make my next one! I plan to glue one to a graduation card, or maybe several since they are so simple to make. Thank you Mr. LaFosse, for simplifying this so that even a first time origamist can be successful. I plan on making all of the different styles.

Fold beautiful paper butterflies with this easy origami kit. Whimsical, exquisite and fragile, butterflies and moths have enchanted and inspired people for centuries. Origami Butterflies Mini Kit, presents six exclusive, all-new butterfly designs specifically created with the paper crafts novice in mind. It contains everything you need to create your own unique collection. This origami book contains: 32 page, full color book 6 original designs Step-by-step instructions Colorful diagrams and pictures 40, 5x5 inch origami papers Instructional DVD These elegant forms each created from a single square sheet of paper without cutting or glue showcase the versatility of the origami folding system. All are deceptively simple, yet provide a solid foundation for creative flights of fancy in the hands of an experienced folder. Clear step-by-step instructions show you how to make literally hundreds of different variations by making small adjustments to a few key paper folds! Whether dry-folded from recycled candy wrappers or wet-folded from expensive handmade papers, these designs exemplify the best aspects of the paper folder's art today.

"This compact kit contains the instructions and paper to make a kaleidoscope of butterflies! Origami master Michael LaFosse leads you clearly through the folding sequences of each butterfly. You cannot go wrong, book or DVD." Handmade by Deb blog "All of the folds are very easy for kids, so the whole family can have fun making these fun Origami Butterflies." Mom Does it All blog "The combination of butterflies, origami and Michael LaFosse cannot be anything but magical. I guarantee that this book will enchant you." Guy Kawasaki, author of Enchantment and former Chief Evangelist at Apple "LaFosse and Alexander have built up an enviable reputation for producing top quality origami products, carefully and expertly crafted for folders of all levels. Their work is an inspiration." Nick Robinson, author of Origami Kit For Dummies and World's Best Origami "These pages present a kaleidoscope of colorful origami butterflies. The authors uphold the philosophy of Akira Yoshizawa sensei, who opened LaFosse's eyes to origami's endless possibilities, which you can now also explore." Dave Brill, former President of the British Origami Society, and author of Brilliant Origami "LaFosse and Alexander have observed and passionately captured the essence of the butterfly with their exceptional designs. These magnificent butterflies undergo their metamorphosis in the authors' hands." Reiko Nishioka, Director of Education at the Morikami Museum and Japanese Gardens "Noted origami experts LaFosse and Alexander focus on folded-paper butterflies in this elegant how-to guide. After presenting the basic architecture for an origami butterfly, the authors provide a number of variations, most named after well-known origami enthusiasts. Fully illustrated step-by-step directions for each butterfly are included, and five hours of video instruction are provided on the enclosed DVDs." Library Journal "You cannot go wrong with any book by these authors, much less with this delightful collection of origami butterflies!" Origami Spirit About the Author Michael G. LaFosse has been an origami artist for decades and is considered a leading authority and master of the art. An avid teacher, LaFosse co-founded the Origamido Studio, a learning center and design studio that produces folded art and commercial designs for a variety of international clients. LaFosse was prominently featured in the recent Peabody Award-winning film, *Between the Folds*, by Vanessa Gould. Co-founder of the Origamido Studio, Richard L. Alexander is the chief papermaker and is a frequent collaborator with other famous paper artists. He has consulted with apparel, container, toy, and consumer product designers to incorporate folding theory into familiar daily use objects. Together, Alexander and LaFosse have created dozens of origami exhibitions, and more than seventy books, kits, and videos about paper and paper arts.
