Great book. most of the patterns are challengingBy NixieGreat book. most of the patterns are challenging, and the instructions are not very easy to follow. An experienced crafter would find this a terrific resource. It is not, however, an "easy" origami book and I cannot recommend it for beginners, who will find most of the patterns impossible to follow without greater experience.7 of 7 people found the following review helpful. PhenomenalBy FredoI can't praise this book/set enough. The instructions are incredibly easy to follow, and they are almost all beginner-intermediate. Plus the book is huge so everything is nice and big and clearly shown. I've been doing origami for a number of years, and have done my share of complex "insane" models, but I prefer the simpler models that can be made for friends "on the spot." This book is extraordinary for anyone who wants to add beautiful, unique, yet simple models to their repetoir. I can't count how many people's days have been brightened at

receiving a Unicorn from this book. Some of the models are extremely simple (Golden Goose), others somewhat tedious (Kraken), however the bulk of this book is beginner-intermediate, fun to fold, and wonderful for everyone. The Dragon is made from a basic Bird Base, and is excellent for a simple, elegant version of a Dragon that takes at most 5 minutes, (intermediate/expert folders read 2 minutes). The Griffon takes a bit longer, but is still easy and looks incredibly beautiful. The Unicorn is exquisite and realistic, yet easy to make, etc etc. I found the hardest one to be Cerberus, which took me about 10 minutes, but on the second go it took less than 5 and remains one of the neatest ideas I've seen in any book. The only drawback to this set is that the paper is very plain and limited in color, but for little cost one can find thousands of beautifully designed papers to really bring these to life. Nearly all of these models are "corners show," so I highly recommend "Harmony Paper". Don't miss this or any of LaFosse's books! 1 of 1 people found the following review helpful. Cool origami By Customer Very cool origami book. Easy to do. Cute creatures.

Make origami monsters and mythical creatures with this easy origami kit. You'll bring some of history's most beloved and feared mythical creatures to life with this exciting collection of origami. "The Origami Fantastic Creatures Kit is an amazing set with lots of cool designs of monsters and mythical creatures. It's perfect for children aged 7-12 or anyone who's into these kinds of things. The designs in this set are really interesting and impressive you can definitely use them as decorations for parties or kids' rooms. This set could even be an activity for a kids' party. Children love the eye-catching, mythical designs!" A Mum's blog About the Author Michael G. LaFosse has been an origami artist for decades, and is considered a leading authority and master of the art. An avid teacher, LaFosse co-founded the Origamido Studio, a learning center and design studio dedicated to the art of origami, and the only place in the world specializing in hand papermaking for the origami artist. LaFosse co-curated Origami Now!, a wildly popular, year-long exhibition at the Peabody Essex Museum in Salem, Massachusetts. He was also prominently featured in the recent, Peabody Award-winning film, *Between the Folds*, by Vanessa Gould.
