**Patrick Meaney, Grant Morrison : Our Sentence is Up: Seeing Grant Morrison's The Invisibles** before purchasing it in order to gage whether or not it would be worth my time, and all praised Our Sentence is Up: Seeing Grant Morrison's The Invisibles:

0 of 0 people found the following review helpful. An excellent companion to Grant Morrison's Invisibles By Don Strawser This was a well-written analysis of Grant Morrison's Invisibles, which helped point out or explain many of the

obscure references in the series. It also included interesting analysis of the way various issues are addressed throughout the series including an interview with Morrison that was very enlightening. I recommend this for any fan of the Invisibles. 0 of 0 people found the following review helpful. Perfect re-read companion  
By Shane Giroux  
If you're going to read The Invisibles - and you really should - then you're going to want to read this book. However, I would recommend reading this only after you've finished The Invisibles at least once.  
0 of 1 people found the following review helpful. The Genius of Grant Morrison  
By Matthew  
This book is an indispensable guide to "The Invisibles" If you've read it before than you'll know that you cant read it twice the same, that it can leave you a changed person. Grant Morrison has a way of conveying concepts to us that few other author's can conceptualize, He transcends genius madness to a place of surreal connectivity with his readership then blasts you off to outer space with stunning character developments, intrigue, global warfare in ways you didn't imagine. Pick this up if you want to take your understanding of this crucial series to the next level!

Grant Morrison's THE INVISIBLES has been hailed as an ambitious comics masterpiece, the key to Morrison's entire body of work, and the inspiration for THE MATRIX. But it's also frequently written off as incomprehensible. Using a conversational, accessible style, Patrick Meaney (director of GRANT MORRISON: TALKING WITH GODS) opens up THE INVISIBLES through in-depth analysis that makes sense of the series's complicated ideas, fractured chronology, and delirious blend of fiction and reality. Meaney also explores how the series's fictional conspiracy theories fare in the wake of 9/11 and the War on Terror. The book includes an extensive interview with Grant Morrison and an introduction by Timothy Callahan (author of GRANT MORRISON: THE EARLY YEARS). From Sequart Research Literacy Organization.
