Deatna M. Williams : Paper-Bag Puppets before purchasing it in order to gage whether or not it would be worth my time, and all praised Paper-Bag Puppets:

Alas, in our moving, I lost the book. I ordered this when I was again working as a children's librarian, and I was thrilled that it was the same book with a different cover! I love these patterns that allow me to use them for storytelling and allow children to make their own puppets in the Summer Reading Program.
