By alexander d fournier This was exactly what I was looking for. Explanations and patterns are very clear and easy to follow. The dolls are much larger than I originally thought but I was able to pair that down by using 14 count canvas. They turned out perfect.

By John Stall It was exactly what I expected. Dolls are large, instructions detailed. Saved a lot of money buying the booklet vs buying multiple kits (3) for the three dolls and outfits to match. Just purchase the plastic, used my own scrap yarn.

By Paulette Brookover I thought I could do this with my granddaughter and it is too complicated for her to begin doing and much too detailed.
