**Rob Ives : Paper Models That Rock!: Six Pendulum Automata (Dover Origami Papercraft)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Paper Models That Rock!: Six Pendulum Automata (Dover Origami Papercraft):

0 of 0 people found the following review helpful. It would have been nice if the patterns were performed by Customer. It would have been nice if the patterns were performed. Some corners, especially the small ones were difficult to cut. You will need snipping scissors to cut them. I like the cardboard pages. I haven't had the chance to put together because cutting takes time so I gave a middle review. 0 of 0 people found the following review helpful. Five Stars by Mrs Jane Calvert. Excellent! A great little book. 0 of 0 people found the following review helpful. Fun for teens and adults by Walter M. Gannon. Fun for teens and adults who have some papercrafting skill.

Simple directions and complete materials make it a cinch for crafters ages 12 and up to construct these charming paper models. All you need is a few pennies to make them move the weight of the coins will help set the models in motion. Six automata include a nodding donkey, a gift box decked with a fluttering heart, a rocking robin, rolling bones that will tumble down an incline, a pair of tapping feet, and a tail-wagging dog.
