This is one of the best books I have ever used. It has enough papercraft ideas to use for several years. The projects are divided into three categories -- Christmas cards, tree ornaments, and table decorations. The instructions are clear and are illustrated at every point with beautiful colored photos. Each project description includes a materials list as well as photos that show other finished projects made with the same techniques. All the projects are things that one might actually want to make--which isn't always true for some of the craft books I've ordered.The only problem I have with the book is that it is from Britain, and a few materials don't necessarily go by the same names in the US, making them difficult to find with Internet searches.0 of 0 people found the following review helpful. Review of Paper craft for ChristmasBy anonymousThis book is in class A

shape I received it much sooner than was expected. I had previously viewed this book at my library just had to have one of my own. 0 of 0 people found the following review helpful. Christmas inspirationBy CustomerIf you are new to paper crafts this is definitely a wonderful book to have, for the more advanced crafter it can offer inspiration but nothing "new"

A magical Christmas is sure to be had by those surrounded by personalized Christmas decorations, from stocking garlands and gift boxes to candle shades and napkin rings. This expansive guidebook to Christmas crafts includes 18 simple projects accompanied by step-by-step pictures and easy-to-follow instructions. Also included are more sophisticated projects that incorporate wire and beading techniques, sewing, embossing, and glass painting. With all the inspiration hobbyists and crafters need to create unique and crafty pieces, the delightfully simple cards, hearts, tree decorations, and festive accent pieces will surely impress family and friends.

"They say that it is never too early to start getting ready for Christmas . . . it will arrive sooner than you think!"
