book I seen a second book to this one and you better believe I'm going to get it .....1 of 1 people found the following review helpful. Unique Fun!!By BettybooThis is the 2nd "Percy" book I have purchased and , for me, it is even better than the first. It offers unique illustrations with varying degrees of difficulty to color. The illustrations are each printed on one side, although I would recommend heavy cardstock placed between pages if using markers certain gel pens as the paper is of average coloring book weight. I personally scan my books print on to cardstock to color, but I am unable to do that with this book because the illustrations run in to the book binding. It is glue bound and I have not tried cutting out the pages on this one because I do not want to mess up an otherwise amazing book. If you are looking for something new a little different, then this is the book for you. Great book, but -1 star for the drawings running into book binding.

View her portfolio at: [www.logozoo.com.au](http://www.logozoo.com.au) Living in the small coastal town of Torquay (Victoria, Australia) Narelle finds inspiration from the surrounding environment. The local beach and bushland often feature in her illustrations. A percentage of proceeds from this book go towards the rehabilitation of injured animals at the Jirrahlingah Wildlife Sanctuary (Barwon Heads). Narelle has found creative ways to illustrate some of the sponsored animals. If you look closely you will see them within the pages of this book. You may also notice that little girls often feature in her illustrations, sometimes as fairies or fantastical beings. Her three creative and energetic daughters, Aged 5, 3 and 2 are often the inspiration for these images. As well as the imaginary and fantasy worlds that are dreamed up by children or childrens books. The last major theme for inspiration throughout this book is all things vintage. Narelle loves to up-cycle and re-use furniture and items from a time gone by. This influence can be seen the designs, patterns and items throughout these artworks which have been inspired by her own collection.
