

can't recommend this book highly enough. It is so parent-friendly and yet so much fun for the kids.0 of 1 people found the following review helpful. Easy to Implement!By Sherry in TXFirst of all, I purchased this used from for a penny so... no complaints! However, the book would have been worth it had I paid more for it.The author has chosen 50 great books children will enjoy and come up with some easy to implement activities. MOST of the materials you will need you should have on hand. The activities can be used by a family or a preschool. I found most of the books at the library.Some of the activities are a "stretch" to tie into the book, however for the MOST part, the activities do tie in nicely. I like that for each book she offers activities that are both playful and educational. She also offers enrichment activities.Overall, a well done book full of suggestions to tie some fun activities into some really good books.1 of 2 people found the following review helpful. Good book for parents and teachersBy W. ChengI ordered the book for a friend who is working for a children's bookstore. This book is very good for parents and teachers to use it as a reference.

Encourage Your Child to Love Reading This book helps preschoolers discover how much fun it is to read. Trish Kuffner shows parents how to make fifty favorite picture books come alive for children by providing a variety of activities that tie into the themes, characters, and plots of the books: discussion topics arts and crafts rhymes and finger plays fun and games imaginative play ideas recipes music and movement learning activities outdoor adventures This book will help you make reading with your child a favorite part of the day. You'll enjoy: Alexander and the Terrible, Horrible, No Good, Very Bad Day And to Think That I Saw It On Mulberry Street Blueberries for Sale Bread and Jam for Frances Caps for Sale A Chair for My Mother Chicka Chicka Boom Boom Corduroy "Could Be Worse!"
