**Paned Expressions Studios : Playin' Games - Stained Glass Pattern Collection** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Playin' Games - Stained Glass Pattern Collection:

PLAYIN GAMES Over 80 patterns included in this collection of all sports images. From Baseball to Volleyball, Rowing to Rugby, virtually all sports themes, yes, even curling, are included in these action packed stained glass patterns. Remember, if you don't want to cut the face pieces for the athletes, just use clear glass for the facial outlines and put your own photo behind it and re-color the uniforms to suit up your favorite teams. Full size patterns include Fan Lamps, Suncatchers and full window panels. All levels of glass expertise are considered in this collection and all patterns are represented in glass image and bW in .JPG, .TIF and .EYE (Glass Eye 2000) formats. This is CD #12 in the Paned Expressions Studios Stained Glass Pattern Library series.

These Stained Glass Patterns offer something for all skill levels.
