I especially like the clear instructions and the upbeat feeling I get looking at their designs. Several of the designs are very striking and I am very happy that I got the book. However, a couple of the designs (especially the design that is shown on the cover) are way too busy for me, but I might try them with toned down fabrics. We'll see... Overall this book is still a winner! 2 of 2 people found the following review helpful. A

modern look for Christmas(winter) quilting.By E. HeizerLove the applique pattern. Great color ideas. I used blues, whites, and greens. I changed my quilts using "winter" colors instead of Christmas colors.2 of 2 people found the following review helpful. New Ideas for Christmas!By Connie J. HinesThe designs caught my eye and the colors. A bit different from traditional Christmas decorations. Loved it. Used the patterns included.

Piece O' Cake Designs fills your home with the Christmas spirit all year round! Half of these new designs give the holiday season a whimsical twist with unexpected fabrics and colors, and the other half are versatile and beautiful quilts that you can use even after the rest of your holiday decorations are packed away.

Use the included full-size applique templates to create Christmas stockings, lap quilts, and wallhangings in the distinctive fresh and happy Piece O' Cake style. Several of the quilt projects can be adapted for year-round use if made in different fabrics. Their friendship grew as they worked together on many guild projects and through a shared love for quilting, and for applique in particular. They started Piece O' Cake Designs in 1994, as they were each moving away from Tulsa. Becky and her husband headed for Sherman, Texas, with their two sons. Linda and her husband, Paul, moved first to Pagosa Springs, Colorado, back to Tulsa in 2001, and finally to Grand Junction, Colorado, in 2008. Linda owned and managed a beauty salon before she started quilting. Over the years she developed a fine eye for color as a hair colorist and makeup artist. Becky took a liberal sprinkling of art classes while completing her interior design degree. They think that their varied backgrounds have combined well, making the quilts they design distinctive.
