Super clear instructions for our High School graduate.By Pati DThis book provides easy to understand instructions with many illustrations for the basics of quilt making. Our granddaughter will appreciate the information in the book. I've been a quilter for 20 years, and I believe this book is perfect for a beginner.0 of 0 people found the following review helpful. ... book helped me a lot and I would highly recommendBy ssoThis book helped me a lot and I would highly recommend it0 of 0 people found the following review helpful. Five StarsBy Avataress59good instructions and projects; pretty comprehensive

Written with the absolute beginner in mind, this book teaches all the basics for machine quilting with step-by-step

instructions and photographs. Quilting skills are learned by working on projects, beginning with something very easy and getting progressively more difficult as the reader works through the book. New skills are explored in depth as they are introduced. The introductory section covers all the basics of quilting-choosing fabric, quick cutting techniques, sewing seams, completing a quilt top, layering and basting, and both hand and machine quilting methods-making this the most comprehensive beginner's book available. The accompanying online videos include a how-to guide illustrating quilting basics, demonstrating all projects, and offering the complete book pages in PDF format.

About the AuthorCreative Publishing international is a worldwide publisher of how-to books. The company's current retail offering includes over 300 titles on topics covering home improvement, home decorating, sewing, crafting, hunting fishing, and photography. Over the past 15 years, CPI has developed high-quality photography step-by-step books with nationally recognized brand partners like Black Decker and Singer.
