Mary Keaton : Quilting: Absolute Beginners Guide to Quilting With Speed, Creativity and Mastery before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quilting: Absolute Beginners Guide to Quilting With Speed, Creativity and Mastery:

0 of 0 people found the following review helpful. Enjoyed it By Farmhouse Lady I have never quilted, but love quilts. I was drawn to this book for a basic introduction and a beginners understanding. It accomplished that well. The pictures

were helpful. Sadly, the copy I got lacked the information regarding additional tools that was referred to in the conclusion.0 of 0 people found the following review helpful. Interesting Hobby to tryBy Jane LewisThis is an awesome book for those people who are looking for a new hobby or are trying to learn a new craft or maybe just looking for something to do during your idle time. The book has the detailed process on how to make a quilt. The book's topic were arrange in an organized manner. You are taught first with the basic things that you need to know about quilting up to the step by step process on how to make a quilt. What I like about this book is how it describes the different kinds of styles of quilting. I never thought that there were lot of styles because when we made this in high school, it seems like we only did the very basic design. This is really a cool craft to learn. I love it!1 of 1 people found the following review helpful. Highly recommended!By Katherine WestleyI have to agree with the author that "every quilt is unique, so is the quilter". This book is an excellent guide for beginners. It contains proven steps and strategies on how to make your first quilt and provides the bases for learning the basics of quilting. This book is very informative and easy to understand. This is the best tool you can use in learning how to quilt. I would recommend this book to everyone who loves to learn new things.

Make a Colorful and Special Quilt - Today! Quilting: Absolute Beginners Guide to Quilting With Speed, Creativity and Mastery will teach you all of the basics you need to create a wonderful, warm quilt.
