Doris Dunn : Quilting For Beginners: 18 Incredible Easy to Make Quilting Patterns before purchasing it in order to gauge whether or not it would be worth my time, and all praised Quilting For Beginners: 18 Incredible Easy to Make Quilting Patterns:

0 of 0 people found the following review helpful. I'm a beginner and this is definitely for me! :) By dallasndillonsmomI love the very easy designs given in this book. Just perfect for my newbie self. The results when done with the one I

make will be lovely though, and I don't think it will look too beginner'ish. :) I love making up words. Aahahaa0 of 0 people found the following review helpful. Good book for beginnersBy GarimaThis book has basic patterns!! The authors explained them properly with pictures! It's a good and easy read for beginners.0 of 0 people found the following review helpful. Quilting for BeginnersBy Madeleine PoeFunny, isn't it, how things sometimes work out? I have been toying with the idea of trying my hand at quilting. Nothing fancy or big. Certainly nothing sewn by hand; I have a beautiful brand new sewing machine that needs a workout. And then I receive a copy for review of Quilting for Beginners. Well...!Please understand that I come at the art of quilting add less than a rank amateur. I know very little about any of it. But, as I eagerly leafed through the book, several this caught my eye. It contains lots and lots of photos and illustrations and I think that's great! I can often grasp a new technique or concept more easily if I can reference a picture.In additions to the pix, the directions in Quilting for Beginners seem to be concise and well written.There are 18 quilts from which to choose and I am hoping to make a trip to my favorite brick and mortar craft and fabric store before the week is up.I am giving the book 5 stars mainly because its style seduced me into trying my hand at quilting.

Quilting is fun because you can explore and use your creative abilities. If you want to give a personalized gift to someone, quilting can be an excellent choice for you. You can use colorful clothes and carefully sew them together to create an exclusive quilt. It is an art to join different colors, fabrics, and patterns together. This multi-step procedure requires your time and efforts. In this book, you can explore different quilting techniques and try different patterns given with step by step procedure. You will start with basic steps and gradually learn advanced techniques of quilting. You can send personalized gifts to anyone after making these quilts.
