Anna Audley : Quilting for Beginners: A Start-up Guide to Create Your First Quilt before purchasing it in order to gage whether or not it would be worth my time, and all praised Quilting for Beginners: A Start-up Guide to Create Your First Quilt:

6 of 6 people found the following review helpful. Now that I have become a new grandmother I thought it would be nice to make a baby quilt for my granddaughter and ...By Demetra S.GerontakisQuilting always caught my eye but I considered it to be a very difficult undertaking and as a result I never tried it. Now that I have become a new grandmother I thought it would be nice to make a baby quilt for my granddaughter and got this book. I loved it! It has

step by step, easy to understand instructions on how to make beautiful quilts. There are also some color pictures to give an idea of what the quilts will look like. 0 of 0 people found the following review helpful. Perfect book for the beginner quilter! By Customer Learning Quilting is not an easy work if you don't have the RIGHT system. It requires time, money and desire. This is the perfect book for the beginner quilter. Quilting technique has been practiced over the years and it keeps evolving with time. If you want to learn the modern quilting techniques, then here is the guide to your journey. It explains the basics of quilting in a way that most beginners can readily understand. There are lots of tips throughout the book to help even the experienced quilters. I have done some quilting, some hand and some sewing machine and prefer the hand method. Always looking to find new things to learn to make things easier. 0 of 0 people found the following review helpful. Very disappointing... By Anne Marie Very small book with very brief information, few black white pictures, there are much better books out there. Shows lots of projects on the cover, but no information on those projects in the book. This one will have to go back to .

Quilting is a fun activity that explores the creative ability of an individual. If you wish to give a personalized gift to a loved one that has a part of you and have carefully sewed together to create something exclusive in the truest sense of the word for that individual, then making a quilt is just the thing for you. It is often said that quilting is both a skill and an art. While selection of patterns, designs, colors and fabrics to put together a piece will test the artist in you, following the multi-step process is a skill, like no other. This book explores the different facets of quilting and throws light on each step you will need to undertake in the process.
