Great Christmas table runner for giftsBy HilaryI have five sisters and they all love Christmas and tend to decorate their homes to the macs but only one of them sew so my project this year is to make them a table runner using this book. I have already sorted fabric from my stash for two of them, its just waiting for me to start. I think that a table runner is a lovely gift for someone who is unable to make one for themselves. I would recommend this book with this thought in mind, plus all the other lovely the other lovely projects.0 of 0 people found the following review helpful.
