**Edyta Sitar : Rainbow Nest** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Rainbow Nest:

This quilting book was such a delightful surprise! Storybook and pattern instruction all within one cover. Rainbow Nest could work for a baby shower even if the giver did not finish the baby quilt detailed at the back of the story. Rainbow Nest could certainly work as a newborn gift when the giver finishes the quilt and gives to new mother along with the story book. Rainbow Nest definitely was worth the price, especially for a baby shower gift or gift for newborn's mother. Rainbow Nest has inspired me to be even more creative. 0 of 0 people found the following review helpful. Five Stars By nimblefingers I enjoy all of Ms. Star's designs. Spring brings new arrivals and in her first story book, Edyta Sitar of Laundry Basket Quilts brings you a charming

story and a welcome baby quilt project. Featuring her stunning batik fabrics designed for Moda Fabrics and heartwarming illustrations by Sue Cornelison this book is a pleasure for young and old alike. Includes full instructions, diagrams, and applique templates needed to make the easy nine-patch quilt. A perfect gift to welcome baby's birth.

Quilters and non-quilters alike are charmed by this story and the delightful illustrations in Edyta Sitar's first children's book. Woven into the story are images of her batik fabrics, and as a special treat, you get complete instructions, including full-size applique patterns, to make the cover quilt. --Fons Porter's Easy Quilts, Winter 2014
