Achim Hescher : Reading Graphic Novels: Genre and Narration (Narratologia) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Reading Graphic Novels: Genre and Narration (Narratologia):

This monograph presents a prototype theory-based approach to the graphic novel as a narrating genre. After a historical contextualization, the graphic novel is defined through the core feature of complexity and seven gradable

subcategories. With regard to narration, the author challenges concepts from classical narratology like the 'narrator' and 'focalization' to finally discuss aspects of subjectivity, a focal paradigm in the latest research.
