The contents are extremely helpful. So simply but beautifully presented. Well done indeed. I am copying most of this review for my other Lynton book reviewed. Each book is a worthy addition to any card maker or scrapbooker's library. A delight to scan, so helpful to utilize and enhance one's scrap art. 3 of 3 people found the following review helpful. Reflections By Dori Do I absolutely love all Jeanette Lynton books on scrapbooking. I wanted a certain style and look for my scrapbook pages. I wanted color, use of multi patterns while looking clean and crisp, not cluttered. After looking at hundreds of scrapbooking magazines I found that perfect fit in her books. These books are my go to books every time. Once I do one of her layouts with great instruction, it inspires me to continue with more of my own. Following her tips and techniques has given me confidence to try almost any thing. The details and instructions are so complete with information and drawings. I just can't say enough good about these books. I can't wait for the next one to come out! 1 of 1 people found the following review helpful. Reflections!!!
