It's a very simple formula, however, it takes discipline and investment into certain types of education to achieve. The only thing that's lacking is concrete examples beyond real estate, but hey, it's just one book. He has other books outlining investment strategies more specifically.The only

criticism - the author's tone is a bit robotic at times. I found this to provide an unintentionally comedic touch at times. 1 of 1 people found the following review helpful. Very Helpful Book By Hassan Zafar I would recommend this book to anyone who is trying to get an entry level understanding of personal finances. 0 of 0 people found the following review helpful. Set Yourself Free with this New Way of Thinking By Charles E. Harell This is not my first read of this book. In fact, I've made it my mission to buy copies and give them to people whom I believe are ready for the change this book can make in a person's life. If people who have been brainwashed by the brainwashers can ever grab hold of the mindset and required paradigm shift that Robert Kiyosaki presents in this book, then there is no limit to the greatness they can achieve. I believe that there is a great person inside every human being, but our minds can be our greatest hindrance and our greatest enemy in our quest to free that person. The poor and middle class could change this world with the new way of thinking as taught in this book. Let's get on board and apply this new way of thinking to our lives and in so doing, change not only our lives, but the lives of everyone around us.

Anyone stuck in the rat-race of living paycheck to paycheck, enslaved by the house mortgage and bills, will appreciate this breath of fresh air. Learn about the methods that have created more than a few millionaires. This is the first abridged miniature edition of Rich Dad Poor Dad. The full-length edition has sold millions as a New York Times bestseller. As proven by the runaway success of The Secret and like titles, changing one's thinking to influence one's fortune sells big, and forms the basis of rich dad's advice. Learn to think like a rich dad and let your money work for you!
